Rubella Immunization Available

"Rub Out All Rubella" is the slogan being used for the Monterey County rubella immunization campaign.

Coordinated by Mrs. Cedric Rowntree, the President of the Board of Volunteers in Action and Dr. Thomas Collins of the Monterey County Health Department, the clinics will be held May 15-19 in local elementary schools. The aim is to immunize 85 percent of the children in the age group one through eleven. Only 25 percent of these potential carriers of the dreaded disease are now vaccinated in Monterey County, compared to a national average of 60 percent.

The disease itself is mild with a slight rash or fever, but this same deceptively mild virus can kill or cripple babies of newly pregnant women. To these women, it can be heartbreaking, resulting in miscarriages, stillbirths or defective babies--without vision or hearing, with mental retardation, heart defects, or other crippling conditions.

Rubella or German measles is a highly contagious disease and we are trying to "Rub Out All Rubella" at its main source--elementary and preschool children. In order that women of child bearing age be given a good level of protection against catching this disease from the small children who harbor it, the vaccine will be administered free of charge to all children one through eleven who have returned a parental permission slip. Pre-school and nursery school children may be taken to the school nearest them.

The campaign itself is a joint effort of the Public Health Department, the March of Dimes, the Board of Education, the Parent-Teachers Association and the Monterey County Medical Society. Interested volunteers may call Mrs. Rowntree at the Voluntary Action Center which is the Monterey Peninsula headquarters for the campaign. The numbers are 373-6177 or 373-6664 from 9 a.m. - 4 p.m. Any questions may be answered by the local schools or by calling Mrs. Rowntree.

Rubella comes in epidemics every 6-9 years. The last one, in 1964, caused about 50,000 abnormal pregnancies. If you have children one through eleven, see to it that they are vaccinated and tell your friends and neibhbors. Birth defects are tragedies that no one can afford.

The schedule for the clinics is as aollows:

Monday, May 15: 9:30 a.m.- Marina Vista School; George Marshall School (Fort Ord); 10:30 a.m. - J.C. Crumpton School (Marina); J.W. Stillwell School (Fort Ord); 11:30 a.m. - Ione Olson School (Marina); T.H. Hayes School (Fort Ord); 12:30 p.m. - Marina Del Mar School; Ord Terrace (Seaside); 1:30 - Eldon Covell School; Manzanita School (Seaside).

Tuesday, May 16: 9:30 a.m.- highland School (Seaside): 10;30 - Noche Buena School and Children's Center (Seaside); 11:30 - Del Rey Woods School (Seaside); 12;30 - George Patton School (Fort Ord).

Wednesday, May 17: 10:30 a.m. - Juan Cabrillo (Seaside).

Scholarship Deadline Is Extended

The deadline for applications for the scholarships being offered by the Ft. Ord Non-Commissioned Officers Wives Club has been extended to May 15.

Two $500 scholarships will be awarded to graduating high school seniors from the Monterey Peninsula area who are dependents of non-commissioned Army officers, active duty, retired or deceased. For further information, call Mrs. Jack Ferguson at 424-2508.

DeBerry Named Principal

Billy F. DeBerry has been named principal at King Junior High School in Seaside.

DeBerry, formerly an assistant principal at Monterey High, was moved to King as vice principal several months ago. He will replace Kenneth Dunbar, who requested reassignment from the King principalship. The new principal will take over in the 1972-73 school year.

Boundary Changes Proposed for Marina

Monterey Peninsula Unified School District officials are proposing to shift boundaries between Marina Del Mar and Patton schools to accomodate the influx of students attending Marina Del Mar from the Carles Apartments.

A public hearing on the proposal will take place when the board meets May 15 at 700 Pacific Street in Monterey.

Dr. Henry Hutchins, assistant superintendent for elementary education, explained that Marina Del Mar School's enrollment has jumped by about 100 students generated by the new Charles Apartment complex in Marina. This will force the shift of nearly 80 students to Patton, Marina Vista and Crumpton schools, he said. Parents of the individual students involved in the proposed shift will be notified of the plans and be given a chance to react at the May 15 meeting.

At present, children living on the east side of Crescent Avenue in Marina attend Marina Vista and Crumpton schools.

Children living between Sunset and the extension of Crescent Avenue would attend Patton School under the proposed new arrangement.

Dr. Hutchins said the move would shift about 52 children from Marina Del Mar to Patton, and about 27 students from Marina Del Mar to Marina Vista and Crumpton schools.

He noted that the plan would reduce the number of children who have to cross Highway 1 to get to school.

Ross Elected Mayor Pro Tem By Council

At the last regular meeting of the Seaside City Council, Councilman Stephen Ross was elected as Mayor pro Tem.

Ross was elected to a two-year term, instead of the usual one-year term, on a motion by former Mayor pro Tem Joseph Cota. The motion was passed unanimously.

In his new position, Ross will preside over council meetings and public appearances in the absence of the mayor. He will also convene at meetings when the mayor's schedule conflicts with them.

The council also moved to beautify the city. It voted unanimously to ask the planning commission to study the abatement of offsite outdoor advertising.

The motion by Billie Barton would ban billboards from the city. Her action come as the result of her report on last week's meeting of the area planning commission. At that meeting, Seaside was asked to make itself more attractive, according to Mrs. Barton.

There are presently nine billborads in the city.

In other action, the council agreed to an amendment of its agreement with the Redevelopment Agency for the Gateway Project.

The agency's executive director, Finnly Sutton, told the council that the project ran out of money and that the agency is applying for another $391,000 from the federal government. However, in order to be eligible, the city must put up one-fourth of that amount on a non-cash basis, according to Sutton.

He explained that a non-cash basis means improvements such as the Fremont Boulevard beautification project, which the city is planning anyway.

Sutton also warned that the project is behind schedule and "if we don't have that project completed in 36 months, I don't think the federal government is going to be in a position to help us."

Call Local IRS Office For Help

Scores of taxpayers looking for overdue income tax refund checks are needlessly calling the Internal Revenue Service Center in Fresno long distance only to find they must contact their local IRS offices for help.

Taxpapers who have not received their refund checks six to eight weeks after filing returns should call their local IRS offices for information about the delay. Most returns are processed within six weeks, according to IRS processing personnel in Fresno.

A common reason for a refund delay is that a taxpayer may move and fail to change his address on his return or to file a change of address with the Post Office. A refund check is returned to the IRS if the taxpayer moves and does not file an official change of address. The check must then be held until the taxpayer contacts the IRS and furnishes a new address on Form 3911, available at any local IRS office.

ILWU, MAPA Endorse Camacho

The Northern California District Council of the International Longshoremen's and Warehousemen's Union has recommended Julian Camacho for Congress, according to an announcement made this week by ILWU representative Al Lannon.

Lannon said the district council (an elected body representing all ILWU locals in Northern California) chose Camacho because his "campaign represents a genuine alternative to the pro-business and pro-war policies of the incumbent Burt Talcott."

Lannon was ILWU Legislative Representative for 31/2 years in Washington, D.C., where he says he had a "first-hand opportunity to watch Talcott vote anainst the interests of working people on tax reform, job safety and other vital issues."

"Camacho is one of the New Breed that can help turn Congress around and make it truly reflect the needs of the people."

Also this week, Camacho was endorsed by the Mexican-American Political Association, a bi-partisan group which presents the issues to the community in both spanish and english.

The unanimous vote of support by that group's Regional Evaluation Board, meeting in San Jose, followed Camacho's platform presentation which included his views on the war, tax reform, the environment, employment, the economy, health care and other vital issues.

Rev. Jackson Endorses McGovern

At his recent Operation PUSH (People United to Save Humanity) meeting in Chicago, the Rev. Jesse Jackson endorsed Sen. George McGovern for President. Jackson, who said he supports Shirley Chisholm for symbolic, ethnic and emotional reasons, suggested the Congresswoman as McGovern's running mate.

At the University of California at Los Angeles, Jackson urged students to vote for McGovern because, "he is more viable, more intelligent, more integrous and more involved." He told them, "I would challenge the students in this state to know full well that the establishment leaders of this state are going to endorse Humphrey and some of them are going to play games talking about Muskie, but the whole thing is to derail the McGovern / Kennedy / King movement style of operating in America."

While at UCLA, he listed three reasons why he supports McGovern. "In 1967 when Dr. Martin Luther King Jr., with his Nobel Peace Prize, took a position against the Vietnam War, they tried to accuse him of treason in all the American newspapers and television. And even some of the Black people got trapped into thinking Dr. King had overstepped his boundaries. When McGovern took a position against the Vietnam War in 1967 and then Bobby Kennedy followed McGovern, it began to give Dr. King a kind of credibility that could very well have to do with saving his life for another year."

Jackson listed McGovern's work with his Senate Select Committee on malnutrition and human needs as the second reason why he endorses him. "McGovern did more to make hunger visible in the country out of Washington than any other single person and/or committee did since 1968," explained Jackson.

His third reason: "While everyone was ducking and dodging behind Wallace in Florida, McGovern remained consistent and to that extent, I would have reason to move for him way above and beyond Humphrey and Muskie."

During the course of his speech, he expalined his assessment of why Sen. Edmund Muskie dropped out of the primary race. "Humphrey and Muskie are working out a scheme. The scheme is called, 'two for the price of one.' Ain't no need of Humphrey and Muskie running when they're saying the same thing and talking to the same people. So Muskie drops out and cuts the cost and sort of throws his support to Humphrey. Humphrey then has a chance to outdo McGovern and then pick up Muskie as his Vice-President as a payoff for getting his support thrown during the primary.

Continuing, he said, "That's what it's all about...And the assumption is that Humphrey is going to inherit the Black community because they are such blind Democrats. He may inherit them, but it won't be because I'm going to be quiet about it. I'm going to tell it everywhere I go."

UCB Begins Volunteer Program

United California Bank has initiated a volunteer program for its employees throughout the state designed to involve them in solving various community problems, it was announced by UCB President Norman Baker Jr.

A brochure describing the program and containing a card which can be completed by employees wishing to participate was distributed to all 10,000 employees with their April 30 pay statements. The program is being coordinated by the bank's Office of Public Affairs.

Cards will be forwarded to the employee's local representative of the National Center for Voluntary Action, an organization acting as a clearinghouse between individuals interested in voluntary activity and groups needing their services.

Programs open to employees encompass a wide range of activities, including tutoring, supervising field trips, working in hospitals or drug clinics, helping local groups sponsor clean-up campaigns, running recycling programs, counseling the poor about finances, helping small businesses get started, coaching youth teams and counseling troubled boys through such programs as "Big Brothers of America."

In announcing the program, UCB President Norman Barker said, "Our bank feels that the many problems besetting our communities today should be the responsibility of business as well as the individual, and we hope that by serving as a clearing house--linking our employees with local groups needing volunteers--UCB can make a significant contribution toward solutions."

Season Tickets On Sale

Season tickets for the five concerts of the Fifteenth Annual Monterey Jazz Festival went on sale May 1. They are being sold at less than box office prices for individual concert tickets, which will go on sale August 1. Holders of season tickets are assured of best reserved seats for the concerts.

Artists who will perform at the Festival, set for September 15, 16, 17 have not yet been announced, but KJimmy Lyons, founder and general manager of the event, said artists will be announced over the next two or three months as contracts are signed.

Prices per season ticket to the five concerts are: $30.50, $26 and $21. This is a $3 increase in price for season tickets and reflects a $1 raise in prices for tickets to the three evening concerts.

Season tickets are available by mail order from the Monterey Jazz Festival, P. O. Box JAZZ, Monterey, California 93940.

Students For McGovern Organize

The MPC Students for McGovern committee was organized at Monterey Peninsula College recently, according to Douglas Krechnyak, who was chosen as one of five coordinators. The other's are Robert Mercer, Rick Shoup, David Evans and Beth Gaffey.

Thirty-one students attended an organizing meeting and formed committees to arrange speakers, literature, voter registration, bumper sticker distribution and volunteer recruiting.

Organizers have manned a table in the college Student Center for more than a week, recruiting about 70 students to the George McGovern cause and distributing literature.

Plans were made to bring speakers to the campus before the June primary and to circulate a letter asking support and funds from faculty members.

It is as reasonable to represent one kind of imprisonment by another, as it is to represent anything that really exists by that which exists not!! -- Defoe

Normally this column would not be used, even in part, for a subject like this, but we imagine people wonder if we have feelings al so. The answer is "yes" we have feelings on this subject, just as you do. But the younger people have deep feelings that the older ones should try to at least listen to. And since they can not talk to Mom and Dad about it without getting a lot of double-talk or reprimand, or even scorn, they are putting their feelings into songs. But most of the Moms and Dads do not listen to the songs simply because they do not "dig" that type of music. That is the same as saying they do not like that particular person because they do not "dig" the dress or suit they are wearing.

One such song, which my daughter wrote out and handed to me, was written by Marvin Gaye (I think she said), called "What's Going On?". That is a question that should be answered, not only to the young people who are asking it, but to the older ones who are wondering. In trying to choose what part of the song would be appropriate is like trying to choose the shade of brown shoes to wear with a brown suit. (They all match).

Today's Army NEWS By SSG R. Cardwell

ARMY RECRUITER

Young men and women, with high school graduation not too far in the future, and if you're not going on the college, you're bound to be a bit uncertain about your best course of action. To end the uncertainty of your days, why not consider enlisting in the Army—once you've completed high school?

There are many good training programs available to you and you can select the kind of training you want. In choosing the training you desire, you will know the location of the school, plus the length of the course. By enlisting in the US ARMY, you can fulfill your obligation to your country and can obtain the education and job training you need to build a solid, rewarding CAREER.

You may not realize it, but the SECRET of getting ahead is to make the most of every opportunity that comes your way. I sincerely believe that VOLUNTARY ENLISTMENT, with its wide range of GUARANTEED OPTIONS, OFFERS JUST SUCH AN OPPORTUNITY.

A young man who enlisted this month in one of our STRATEGIC COMMUNICATIONS options was Stephen Sumners who resides at 3060 Eddy Circle, Marina. Stephen enlisted for the Fixed Ciphony Repair course which is a 40-Week course given at the US Army Signal Center and School, Fort Monmouth, New Jersey. There are many more schools available. Stop by our Recruiting Station at 431 Webster St. Monterey or call 372-4742/372-0553, for more information.

Time to File

Business Property Statements required to be filed with the Assessor must be filed no later than May 30 to avoid levy of penalties.

County Assessor Donald P. Stewart advises all property taxpayers that the law requires him to place a 10 percent penalty on all statements filed after that date. Stewart said that forms were mailed to each business property owner on about March 1, and that most statements have already been returned. For those not yet having filed, Stewart urged immediate attention to this matter. "A ten percent penalty is a rather high price to pay for procrastination," Stewart said.

Oscar Winner At McGovern Headquarters

Gene Hackman, who recently won an Academy Award for best actor, was present for the formal opening of McGovern for President Headquarters in Monterey on Saturday, May 6.

Hackman, who played Popeye Doyle in the award-winning "The French Connection," arrived at Monterey Airport and visited McGovern headquarters in Salinas before coming to Monterey.

The headquarters, located at 301 Ocean Street in Monterey, has operated informally for more than a week under the direction of Caroline Page. The headquarters is open Monday through Saturday from 10 a.m. to 6 p.m.

Concert For Mom Planned

An old-fashion Sunday afternoon band concert will be staged by the Seaside High School band for Mother's Day, which is this Sunday.

Along with treating mother to an afternoon of music, families can treat themselves (and mother) to a luncheon of chicken, Band Director Jack Bayes points out.

The concert will combine a celebration of motherhood with an attempt to raise money for band expenses. Seaside High parents will prepare the lunches of chicken, which can be purchased at the concert at a cost of $1.50 for adults and $1 for children. Lunch tickets can also be bought in advance from band members.

As I See It

By Mel Vercoe

Newspapers are much more interesting to me than movies. For example, an item from Norman, Oklahoma, tells of a female English teacher, 23 years of age, who stripped to her birthday suit and read poetry to her class at the University of Oklahoma.

Some people get all the breaks. My English teacher - the one I remember most vividly - never smiled, not even when she forced me to memorize "Lady of the Lake," an experience I hope today's children don't have to go throught.

But just think what might have happened if she had been 23 years old and taught poetry by reading it in the nude. Wow, I probably would have made Longellow and Scott look like rank amateurs, and it would have helped, no doubt, with my understanding of English grammar. To this day I don't know the difference between a gerund and a dangling paritciple.

An in the same newspaper was an item about drinking reclaimed sewage water. Forty-four percent of the people interviewed in ten cities in California said they would be happy to drink such water. This is encouraging, because in just a few years there simply will not be enough regular plain water to go around. Cities near oceans will be using desalted sea water, and cities inland will have a choice - they can reclaim sewage water or else start inporting large quantities of beer. The only drawback to the beer would be that it is not suitable for bathing in, because of the offensive odor it would leave on the skin.

The survey, however, pointed up the fact that many people who would not care to drink reclaimed sewage water would be willing to bathe in it, and many who would not bathe in it would be willing to swim in it. Thus, it seems likely we will someday have multiple water systems with two or three different faucets at the kitchen sink - a faucet to drink from, one to use for coffee and other cooking, one to wash the baby with and rinse dishes, and still another for mop water.

Such is our America, 480 years after Columbus proved most of the world was not flat. I wonder what the next 480 years has in store for mankind. Maybe, considering every other species of life will be extinct by then, we won't need much water, or maybe the bugs will be the only living things left, and there will be no shortage of water, because most bugs don't drink much water and hardly ever take a bath.

Seaside Ripples

continued from page 1

I'll just have to comment on the entire words:

"Mother, Mother, there's too many of you crying,

Brother, Brother, Brother, there's far too many of you dying.

You know we've got to find a way to bring some loving here today."

You know there is a Man up there taking names. Well there is a man down here taking names also. The difference is like black and white. The Man upthere has a heart of gold. He's taking names of the ones who will share his crown with Him when their tour of this life is over. But the man down here is taking names of your sons, Mother, who will be next in line to defend his cause. Of course his son's name is never jotted down. If it is, it is for a lesser duty. Or a less hazardous tour of duty, far away from the front. The mother kisses her son for the last time sometimes, and spends the remainder of her days crying.

"Father, Father, we don't need to escalate.

You see, war is not the answer, for only love can conquer hate.

You know we've got to find a way to bring some loving here today."

These young folks certainly know who pulls all the strings. They know that it is the fathers of this land who give the orders. It is the mothers who do the suffering, and it is the kids who do the dying. So the kids are trying to tell you that if you could only love one another, this thing could never happen. Love begats love. Hate begats hate. It is up to the fathers to find the answer.

"Oh, picket lines, and picket signs!
Don't punish me with brutality.
Oh come on and talk to me so you can see
Hey, what's going on? What's going on?
Tell me, What's going on?"

So finally the young kids get together, because they can not talk to the older people, and they decide to let their feelings be known by a "peaceful" demonstration. It ends usually, in chaos. The blame is placed on the kids. All they want to know is: "What's Going On?"

"Father, father, everybody thinks we're wrong.

Oh but who are they to judge us simply cause our hair is long?

You know we've got to find a way to bring *some loving here today."*

Of course! If we can not justify our actions, even to ourselves, we immediately resent dessenters. It's human nature. But that does not make it right. You can not, and should not, judge people by the way they look, or wear their hair simply because you do not like the style.

"Oh, picket lines, and picket signs!
Don't punish me with brutality.
Come on and talk to me so you can see.
Hey, what's going on? What's going on? What's going on?"

While you are seeking the right answer to give those people, please give it to me too. I'd like to know: What's Going On? My boss, Andy, sends you his undying love. He tells me he may be coming home in a few days to build up strength for a short operation. Then, after a brief convelescence, watch out!! We love you, just keep those cards and letters coming so we'll know you're out there.

Mayor Dolan Reports

Joe Dolan

Youth in Government Day, which was conducted in City Hall last Thursday by fifteen outstanding Seaside High School Students, provided me, as well as our City Staff and Council, with an opportunity to observe and "rap" with our Youth. These young people were a credit to themselves, their parents, and their contemporaries. I was disappointed because not one teacher from Seaside High School had any interest in seeing or hearing the students "in action." Why?

On Friday our Seaside High School students were again honored in our City Hall when the Art Commission awarded monetary prizes and recognition to many of our outstanding boys and girls who have participated in the Art Contest. Congratulations are in order to all the participants and to each member of our City Art Commission!

This is an appropriate time to make a suggestion to Seaside Parents. Did you know that we residents of Seaside have been missing a good deal during the past years? There is a simple move which we can take which will help the development of our city right now and in years to come. This involves the establishment of Junior ROTC Course in our Seaside High School. A major eye-opener about Junior ROTC is that even though a boy may take this training throughout his high school years he finishes with absolutely no obligation either to enter the Service or continue the training in college. If the Junior ROTC cadet elects to continue his education in college or university, he then becomes eligible for a Senior ROTC Scholarship which will supply him with the monetary support to complete four years of higher academic training! In short—there are numerous bonus effects that would accrue both to our youth and our community. Parents and Students of Seaside--you are the ones who should decide whether or not we want or need to establish a Jr. ROTC in our high school.

New Subject: I want to publicly thank the Ministers and Pastors of Seaside for meeting with Councilman (Mayor Pro-Tem) Ross and me last Friday at 6:00 PM at the Oceanview Baptist Church. This was the first of what I hope will be many periodic, informal meetings to discuss various points of views regarding social problems and related community activities. My special thanks to Reverend Ellis who arranged and coordinated the Ministers' Meeting; he has agreed to continue coordinating and sponsoring these meetings in the future. I can assure you that I will be listening to the ministers recommendations, advice, counsel, and constructive criticisms. Our communication lines are open--and operating!

N. B. Hope to see you in church on Sunday.

Thank you

PERFECTION

The United States brewing industry historically has readily adopted revolutionary ideas to maintain perfection. The industry pioneered both mechanical refrigeration and air conditioning, and various manufacturing and packaging devices have put brewing plants in the van of progress.

Your Supervisor Reports

Loren E. Smith

FOOD STAMPS have been the subject of comment in this column recently. It is with GREAT SATISFACTION that I am able to report that the Board of Supervisors UNANIMOUSLY voted to support my motion to relocate the Food Stamp Eligibility sectionto a more convenient location..preferably near the Monterey Post Office where the Food Stamps are distributed. On the first of the month approximately 150 persons apply for Food Stamp Eligibility. This number drops to about 30 per day after the third or fourth day. This same high volume of applications (150) occurs again on the tenth of the month and continues throughout the month. The change in location of the Eligibility Office should relieve the very difficult parking situation at the Monterey County Courthouse Annex by making an average of thirty to forty more parking spaces available to jurors and others needing the use of the Courthouse facilities...THIS IS A MOVE IN THE RIGHT DIRECTION.

POLLUTION OF THE ENVIRONMENT is much in the news these days. In Seaside we continue to strive in every way possible to assist the Seaside Sanitation District with its problems. The demands upon the district are growing so rapidly that it is not easy to comply with all of the requirements of the State and County Health authorities as well as the State Water Quality Board regulations. Having met on several occasions with County Health officials and Seaside Sanitation District members I am convinced that the TRI-CITY SEWAGE PLAN must become a reality-not only as a solution to Seaside's waste-water problem but for all three Cities concerned. It is my hope that the Tri-City Plan may become the first step toward TOTAL RECLAMATION OF WASTE WATER OF THE ENTIRE MONTEREY BAY...from SANTA CRUZ to PACIFIC GROVE. Meetings which I arranged in 1970 while serving as Chariman of the Board of Supervisors started the LONG RANGE THINKING of our political leaders around the Bay in that direction. This I strongly believe is the only way to preserve a CLEAN MONTEREY BAY.

It gives me a great deal of pleasure to be able to keep my constituents of the 4th District posted on affaris that are of importance to them and I want to thank the Seaside Post News-Sentinel for allowing me the privilege of having a column in their newspaper that offers me this opportunity.

Letters To The Editor

Editor: We, the Monterey Police Relief Association, feel that the mayors of Monterey and Santa Cruz Counties have taken a direct stand against police and fire personnel in their strong opposition of Senate Bill #116 and Assembly Bill #452, which would enhance the retirement of these people. These bills would be incentive for younger and better personnel to enter these services and remain with them.

We cannot understand the honorable mayor of Monterey being worried about retirement when only two police personnel have ever retired from the city of Monterey, for other than health reasons, in the last 20 years. Further, we cannot understand how the mayor arrived at a cost factor of $130,000 without an actuary study, which is necessary to arrive at any figure! This, to our knowledge, has not been done in the last three years....

We also feel that the mayors are in volation of the Meyers-Millias-Brown Act. That is, they have taken a stand on a negotiable issue without meeting and conferring with various employee groups.

In closing, we feel that if there is any intrusion into "home rule" bu the state, it is brought on by the apathy of local government to take proper care of its police and fire personnel.

We strongly endorse the bills and any legistators who back them.

Your job relies on electricity- and on our job to provide it.

No matter how you make a living, your job relies on electricity. Without it, factories, schools, hospitals, stores and office buildings where people work simply could not operate.

Our job is to serve the demand for electricity without brownouts or blackouts that would interrupt work and most other activities.

The demand for electricity increases with growing population, expanding needs of commerce and industry and new equipment to clean up our environment. Therefore, we must provide power facilities to stay ahead of growing demand and prevent power shortages.

Some individuals and groups are trying to slow down or stop construction of electric plants and transmission lines. However, we must continue building. And nowadays it takes about 10 years to acquire a suitable site, obtain regulatory approvals, construct and get a new power plant "on the line".

Qualified, competent and responsible public agencies assure that in building new facilities we serve the best public interests, including environmental and ecological considerations.

To keep your electricity on tomorrow, we must build today. PG and E

A's Add TV Game

The A's television network has added the Oakland-California Angels game of Monday, May 15 at Anaheim Stadium to its 25-game schedule. The 8 p.m. game and 30 minute pre-game show will be seen on KBHK (44) in San Francisco, KOVR (13) in Stockton-Sacramento, KTVN (2) in Reno and KMPH (26) in Visalia.

The A's compiled a 7-4 record during the month of April, leaving them one game behind the division leading Minnesota Twins. A year ago, the A's were 17-8 and 4 games ahead of the pack in the Western Division after the first month of play.

The bullpen has been the single most effective element of the team, as the relievers have allowed only two runs in 24 innings for an infinitesimal 0.83 ERA. Right-handers Rollie Fingers with one win and three saves, Bob Locker with two wins in his three innings of work and Joe Horlen, who is unscored on in 3 appearances combine with southpaw Darold Knowles, who has allowed no runs in 5 2/3 innings, to give the A's one of the finest bullpen corps in the majors.

Teh A's upcoming homestand includes some traditional special days, as well as a new entry in the A's promotional calendar.

The A's have more than 47,000 caps to distribute to every fan attending the Cap Day game of Saturday, May 13, against Boston. The gates will open at 9 a.m. and the game will begin at 12:15, as NBC will televise it nationally, except in the Bay Area.

The A's will hold the major league's first Bald Headed Day on Sunday, May 14. All bald headed men--and women--accompanied by a paid admission will be allowed to enter the Coliseum free beginning at 11 a.m. for the 1:30 p.m. game against the Red Sox. All bald headed people will also receive a free A's cap to shield their heads from the sun.

The Oakland A's 1972 Scorecard and Souvenir Yearbook is now on sale at every A's game and by mail. This unique 80 page publication combines the player stores, pictures and features of a year book with the rosters, numbers and a scorecard.

Why They Oppose Prop. 9

California Air Resources Board has adopted a resolution opposing Proposition 9, the "Clean Environment Act," on the June 6 election ballot.

The Board lists five reasons why Proposition 9 "is not desirable as a measure to control air pollution":

* Anumber of technical matters would be frozen into law and the results of changing technology possibly could not be applied except upon another vote of the people;
* The five year moratorium on nuclear power plants is undesirable because such plants do not pollute the air and a moratorium of this type will bring added pressures to construct fossil fuel power plants which do pollute the air;
* Fines on polluters are not imposed according to the extent of the violation, but according to the wealth of the polluter;
* Qualified persons will be prohibited from serving as air pollution control officials; and
* Some sections of the initiative are only imposed on county air pollution districts.

Helps Out

B. B. King will perform a one-man concert at the California Penal Institution at Chino on May 15.

This is his 19th prison concert.

He recently formed an organization called FAIRR, with defense attorney F. Lee Bailey, to raise funds for musical instruments for inmates in federal and state prisons.

Chamber of Commerce Progress Report

By Verlaine Crawford
Manager

Where should we put the new lubrary? What about Seashore Development? How should we handle the Laguna Grande Project and Roberts Lake? These were the questions proposed to the students from Seaside High School who acted as Mayor, Councilmen, City Manager and City Staff at the Thursday, May 5, City Council meeting at the Seaside City Hall.

The students handled the meeting and discussion very well. Their only problem seemed to be-where were they to get the money to do a good job on all the projects proposed? One of the young, acting councilmen was heard to say, "Can't we just pretend we have lots of money?"

Naturally, all of us would like to "pretend we have lots of money;" but unfortunately, reality dictates we must put forth a lot of hard work and effort in order to reach our goals. The Seaside Chamber of Commerce is fully aware of how precious time and money can be. But we must put forth the effort to help our community to grow and prosper.

On Thursday, May 4, the Board of Directors of the Chamber of Commerce was called to order by President Jim Wester of Wester Volkswagen. Representatives from Fort Ord included Col. Fulsang and Maj. Wallace. Mayor Joe Dolan and Councilman Steve Ross brought news from Seaside City Hall.

First Vice President, Dick Penrose of the Seaside Pharmacy and Cecil Bendel of the Pizza Pub and Cecil's Ice Cream, reported on the Membership Committee, which meets every Wednesday morning at 8 a.m. It is gaining momentum with various block chairmen promoting the Chamber.

Second Vice President, Don Butts of Butts Pontiac, who is in charge of the Business Development Committee, received information on several businesses wishing to locate in Seaside.

Third Vice President, John Mehrholz of AAMCO Transmissions, supplied information on the Promotion Committee which meets every Tuesday morning at 8 a.m. They are developing promotion for the retail merchants to help stimulate sales in Seaside. Members and nonmembers are invited to attend any of these meetings.

Also present at the meeting were Stan Stewart from the Bank of America, LeRoy Martelli from Seaside Disposal Service, Bob McCauley from Cardinal Van and Storage and Mrs. Don Butts.

It was mentioned at the meeting that on the entire Peninsula there isn't one school that has an R.O.T.C. Program. LeRoy Martelli volunteered to head a committee to investigate the possibility of putting a R.O.T.C. unit in at Seaside High School. A meeting will be held on Tuesday evening, May 16 at 7 p.m. at the Chamber office to discuss the implimenting of this program. All interested people are invited to come. It appears that this R.O.T.C. program would cost very little to the school district and would help boys gather points towards receiving college scholarships.

New, updated maps of Seaside are now being planned.. Advertising on the maps will be sold and since there is limited space, it is suggested local businessmen get in their bids early. Cash for the maps must be in by June 1.

The Seaside Chamber will be holding a Pancake Breakfast on July 1 to kick off the July 4th weekend celebration. The Parade of Champions with the theme "Stars and Stripes on Parade" will be held July 2. Any of the members interested in helping to flip pancakes are welcome to call the Chamber.

We need your support. Members, non-members, housewives, retired individuals, everyone can help promote the Chamber. Everyone is welcome to the meetings. Every Tuesday at 8 a.m.--Promotion Committee, "Let's build business in Seaside." Every Wednesday at 8 a.m.--Membership Committee, "Let's build membership in the Chamber." Every Thursday at 8 a.m.--Board of Directors, where all committees report and old and new business is discussed.

Any time of the day, the Chamber welcomes suggestions and will try to help with problems. Call 394-6501. Let's work together to make sunny Seaside a great place to live, work and play.

Flea Market Is Tomorrow

As an event of Senior Citizens Month, the Villa Del Monte Seniors' Association is holding a FLEA MARKET tomorrow (Friday) and Saturday from 1 a.m. until 4 p.m. each day.

The sale will be held at the Activity Center of the Villa Del Monte which is the Senior Housing Community located on upper Broadway in Seaside.

Items for sale will include arts and crafts objects, "white elephants," homebaked goods, clothing and miscellaneous articles.

The public is cordially invited.

Attend

Mr. and Mrs. Cecil Bendel and other delegates in San Francisco recently attended the Western Regional Conference of the National Association for the Advancement of Colored People. They traveled to Salt Lake City, Utah via chartered Western Airlines for the three day conference.

Adult and youth groups from Washington, Oregon, California, Arizona, Nevada, Alaska and Hawaii were present.

The Life Membership Banquet was held in the Salt Palace where 500 guests were greeted by Calvin L. Rampton, Governor of the State of utah. Clarence Mitchell, NAACP Representative from Washington, D.C. was the principal speaker.

Assembly Is Planned

The Watchtower Bible & Tract Society has announced that it will sponsor a three-day circuit assembly for Jehovah's Witnesses in San Jose, May 26-28. The Santa Clara County Fairgrounds will be the site of the gathering with a peak attendance estimated at 3,000 persons.

Lionel Reynolds and Joseph Pakan, presiding ministers of the meeting was held on April 3 at Santa Cruz which was presided over by Joseph D. Wengert, circuit director for the attending congregations. Wengert, who has been working on the convention preparations for the past three months, released the names of 22 department heads and their assistants to the 65 in attendance.

Commenting on the three-day program that includes a variety of talks and demonstrations on Bible subjects, Reynolds and Pakan said, "The opening session will focus attention on the importance of readjustment in the lives of those who progressively apply new things learned from God's written Word. The program will highlight how that readjustment affects service to God on an organizational level as well as one's individual motives and daily ministry." Reynolds and Pakan added, "Sessions will be conducted morning, afternoon and evening with a baptism of new ministers on Saturday forenoon."

f.e. kite, district supervisor for Jehovah's Witnesses in Centeral California, will be the key speaker on the program. Kite is from the Witnesses' world headquarters in Brooklyn, New York. His public address on Sunday, May 28 at 3 o'clock, will be the high-point of the assembly and is entitled, "ARE YOU 'MARKED' FOR SURVIVAL?". The public is invited.

Tour of Parks Is Planned

The Seaside Parks & Recreation Department is presently taking registrations for a Citizens Park Tour. The purpose of the tour will be to familiarize the community with the City's Park System. The tour will be conducted on Saturday, May 20, from 10 a.m. to 1:30 p.m. and will be free of charge. All interested citizens should register by calling the Seaside Parks & Recreation Office at 394-8531 Registration is limited to the first 120 people.

The itinerary for the tour is as follows: 10 a.m.-meet at the Seaside City Hall Parking Lot. 10:30 a.m.-Depart by buses for a guided tour through selected City Parks. 12:30 p.m.-return to City Hall for refreshments and a question and answer period. Representatives from the Park & Recreation Commission will be available for questions.

Seaside Band Wins Top Ratings

Two A-plus ratings were awarded to the Seaside High School band at the recent Central Coast Section Annual Music Festival, held at Hollister High School.

Both of the festival judges gave the band A-plus ratings on overall music quality. An A-plus is the highest possible rating on a scale from A to F.

Though the festival was not a competition between schools that participated in the event, Jack Bayes, Seaside band director explained.

Life as POW

Specialist 5th Class Thomas Van Putten, former South Vietnam-based prisoner of war, will describe his 13 months of confinement and the manner in which he escaped and existed for 18 days in the jungle, before his dramatic rescue by helicopter pilots, when he speaks at the Annual Meeting of Monterey County District Red Cross on Thursday evening, May 18. The event will take place at Fort Ord Officer's Club, commencing with a 6:30 p.m. no host cocktail hour followed by dinner at 7:30 p.m.

Any person who has donated $1 to the American Red Cross since the beginning of the year is considered a member and is cordially invited to attend. If you would like to go, please call 394-6711 for information and reservations.

Grooving Around the Peninsula

with **BETTY MANN**

HI THERE FELLOW PENINSULANS:

Latest happenings around the Peninsula had to do with beauty peageants. The Monterey County Pageant suffered many misfortunes that were, needless to say, unwarranted. However, many of these misfortunes have been erradicated for future events.

One such tragedy in the planning of the Monterey Pageant was the absence of minorities on the judges' panel. This terrible oversight prompted a few concerned Black citizens, including myself, to question the legality of having a public event with a proportional number of minority contestans participating and not a minority representative on the judges' panel. To be more explicit, it is a known fact that black beauty is judged in a different concept by white judges because they usually are looking for the physical features of a caucasian contestant, which make it very difficult for a black contestant to compete equally. This is the reason so few black females ever make it to the forefront of the Miss America and Miss Universe contest.

Since it is a known fact that the concepts of black beauty are judged in a different context than white beauty, it is totally unfair to subject black girls to the indignation of being pushed to the back by caucasian contestants. This was the reason the Black Committee of Concerned Citizens protested against the absence of black judges in the Miss Monterey County Pageant and requested to see the ballots. A review of the ballots revealed there was an error that changed the winning positions of two contestants. After conversing with the Board of Directors of the pageant, I personally feel that they are to be commended for the handling of this unfortunate (human) error and for getting a better insight on the disadvantages experienced by Black girls. The Board of Directors very openmindedly promised to correct this unfortunate situation for future Monterey County pagenats and thanked those of us on the committee for bringing this mishap to their attention.

Now, on to the latest in Beauty Pageant here on the Peninsula: the Miss Black Teenage Monterey Peninsula Beauty Pageant is the preliminary to the Miss Black Teenage America Pageant, which is nationally known and televised. It will make its debut here on the Peninsula this Saturday evening, May 13, in the *Exhibition Hall at the Monterey Fairgrounds.* Twenty-one lovely black contestants will vie for the crown of Miss Black Teenage Monterey Peninsula. The winner of this title will be sent to Los Angeles accompanied by three members of the Monterey Peninsula Cotillion League, which is sponsoring this event. The three members are Miss Bettye Sapp, Mrs. Ruthie Watts and yours truly. We will accompany the winner and the first runnerup. Merchants and private individuals around the Peninsula have contributed very generously to this outstanding affair. Loren Smith, Butts Pontiac-Cadillac, Carmel Bridal Salon, Mel-O-Dee Florist, Blossom Florist, Guil Bautista, Monterey Music, Terrace Fashions, The Fashion, Howards (Del Monte Center), and others have been very generous.

The winner will receive a trophy, a roundgrip to Los Angeles via United Airlines, a trip to Disneyland, a complete wardrobe and flowers. The entourage from the Peninsula will spend three days in Los Angeles. Out of twon judges and guests for the affair include: Sarah Fabio, famous Black poetess and novel writer from Berkeley; Mrs. Velma Stokely, chaperone for the Miss 1971 Black Teenage California; Sabrina Carr, who will crown Miss Black Monterey Peninsula 1972; Bill Howard, state director of the pageant; Miss Dawn Villere of films and TV from Hollywood; James Hale, TV commercial actor and many other known celebrities who have voiced their intent to attend the affair.

The following is a revised list of the contestants:

Regina Battle, Monette Beavers, Kimberly Biggs, Debora Blackburn, Angela Burdix, Gail Clewis, Sheila Conner, Denise Downer, Sheryl Delaney, Marsheila DeVan, Cheryl DeBerry, Doris Gooch, Cassandra Haywood, Yvonne Isadore, Roberta Lindsey, Rhonda Mosley, Kevin Parker, Mary Pryor, Diann Seward, Renata Suber, Erika Sweet.

Insurance Bill

Legislation limiting the reasons an insurance company can give for non-renewal of an automobile police has been passed by the State Assembly and sent to the Senate. The bill was sponsored by Assemblyman Willie L. Brown, Jr. (D, San Francisco).

It limits permissible reasons for non-renewal of insurance policies and requires companies to tell a driver why his policy is not being renewed.

Madden Opens New Company

Formation of a new company for the sale and servicing of copying machines and other office machines in parts of Monterey, San Bento and Santa Cruz Counties was announced recently by Al J. Madden, Mayor of Monterey and owner of The Madden Company.

Madden said the new firm --to be called Madden Business Machines Inc.--will handle the expanded activities of his business in Salinas, Hollister, Watsonville and Santa Cruz.

The Monterey Mayor said he will continue to operate The Madden Company on the Monterey Peninsula.

Principals with Madden in the new company are Judson G. Sherrill, Monterey business consultant and former New York advertising executive and I. L. "Scotty" Taylor, former executive with SCM Corporation in New York and San Francisco.

Taylor is president of the new firm and will direct its activities.

In addition to office copying machines and their servicing, the new company will also sell and service a line of SCM typewriters and calculators. The Madden Company on the Peninsula will also carry those machines in addition to its full line of office copiers, copy papers and service, Madden said.

The three principals--Madden, Sherrill and Taylor--have formed a third corporation, Monterey Leasing Company, which will offer a leasing plan for the same machines and service provided by the other two firms. This company will be headed by Sherrill.

'Voyageur' Is Gremlin Subcompact

The Gremlin "Voyageur," American Motors' new idea car designed for use as either a recreational or urban vehicle, has a large, sliding rear deck in the cargo area called the "Gremlin," which may be pulled out a foot and a half for easy storage of camping and fishing gear or convenient loading of groceries and packages.

With the addition of optional side curtains, the platform converts to a sleeping platform large enough for two adults, adding to the Gremlin's versatility as a recreational vehicle.

CASE NUMBER M 5469
SUMMONS

Plaintiff: TESSIE P. DEMOULIN, formerly known as TESSIE P. CARROLL

vs. Defendant: WILLIS D. CARROLL

To the Defendant:

A civil complaint has been filed by the plaintiff against you. If you wish to defend this lawsuit, you must file in this court a written pleading in response to the complaint (or a written or oral pleading, if a Justice Court) within 30 days after this summons is served on you. Otherwise, your default will be entered on application by the plaintiff and the court may enter a judgment against you for the money or other relief requested in the complaint.

If you wish to seek the advice of attorney in this matter, you should do so promptly so that your pleading, if any, may be filed on time.

Dated March 27, 1972.

A Mi Madre

Por Rosa S. Hermosillo

Madre en esta distancia que hoy nos separa
Tu recuerdo que es tan grande está a mi lado
Porque sé Madre que no me desampara
Tu bendición y tu cariño tan sagrado.

Yo quisiera Madre mía ser una ave
Y volar a tus brazos con amor
Porque tu hija ausente, ahora sabe
Que esta ausencia te llena de dolor.

Hoy me encuentro a la orilla de los mares
Y sus olas se matizan de tu ausencia
Yo te envío de tan lejos mis cantares
Y te deseo muchos años de existencia.

Yo deseo con el alma, Madre mía
Que los angeles del cielo se bajaran
En este diez de Mayo grande día
Que esos angeles una orquesta te formaran.

Que las flores con su aroma te envolvieran
Que las aguas cristalinas te arrullaran
Que los trinos de las aves a tí fueran
Y las estrellas con sus luces te alumbraran.

Que del cielo un angel descendiera
Que en sus manos trajera a tí una estrella
En tu frente de Madre la pusiera
Para que alumbres toda tu soledad con ella.

Tú el angel de mi guarda siempre has sido
Tú has velado por mí con grande esmero
Con amor infinito me has querido
Y por eso, madre mía te venero!

Tú que guiaste cuando niña mi primer paso
Y me tendías tus brazos cariñosa
Atraves de la distancia yo te abrazo
Madre Mía! Grande, dulce y amorosa!

Y en tu regazo tibio me sostenías
Me protegías madre sufrías
Cuanta penuria cuánto desvelo.

Tú eres lámpara votiva en mi existencia
Eres guía en mi vida peregrina
Eres tú como una ada madrina.
Yo no puedo pagarte Madre con nada
Tus sacrificios y tu desvelo
Sólo le pido con fe a este cielo
Que te conserve mi madre adorado!

Yo te admiro Madre mía con amor
Porque pronto tu muy sóla te quedaste
Pues mi padre se marchó con el creador
Te quedaste recordando al que adoraste

Nos brindaste Madre mía tu calor
Cuando huérfanas, nos quedamos sin mi Padre
Soportaste heroicamente tu dolor
Y nos diste tu calor de dulce Madre

El se fue en el viaje que emprenden los eternos
Y dejando en tí un dolor triste y profundo
Abriste tus brazos para protegernos
Como el cristo que abrio sus brazos para proteger al mundo

Ya me despido Madre bendita
Recibe todo mi corazón
Y no te olvides mi madrecito
De enviarme siempre tu bendicion.

DMV Will Say When

Starting in July, all California drivers will receive "time to renew" notices 60 days before their licenses expire, according to Robert C. Cozens, director of Department of Motor Vehicles.

Cozens said the notices are made possible by the DMV computer's ability to identify drivers and the birthdays on which their licenses expire.

The notices assist the 7 percent of drivers who usually forget to renew on time and also save a quarter of a million dollars annually in clerical processing time.

A person coming into a DMV office to renew his driver's license brings the renewal notice which already bears identifying information based on his existing DMV record. After he indicate any changes, the form is ready for processing.

"We are confident the new system will work," Cozens said.

ELECTED - James H. Wester, co-owner and general manager of Wester Volkswagen in Peninsula Atuo Center has been elected to four-year term on board of directors of Northern California Automobile Dealers Association. He will represent District 20, Monterey and San Benito Counties. He is also president of Seaside Chamber of Commerce.

"We are breading it in in Sacramento County to test for any rough spots. Then, beginning in July 1972, all California drivers will start getting the reminder."

More than 2.7 million California drivers renew their licenses annually.
